

Toshiba Satellite M55-S135 Battery Replacement

This guide will demonstrate how to replace the battery in your laptop.

Written By: Matthew Trinh

INTRODUCTION

This guide will be referred to for other steps because disconnecting the power to your computer is crucial to do before working on it. There are two spring-loaded switches that lock the battery into place.

Step 1 — Battery

- Orient the laptop so that it is closed, faced down, and the battery is facing away from you.
- Slide the unlock switch in the top left-hand corner to the left/unlock position.

Step 2

- Hold the switch in upper right-hand corner to the right.
- With the switch held open, pull the battery straight away from the laptop.

To reassemble your device, follow these instructions in reverse order.
